applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional reme dies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube re stored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrah, which is nothing but an inflammed condition of the mucous surfaces.

Why are the good cooks getting so scance in

Maysville?
Because so many of them have gone and are going every day or so to Cincinnati, Dayton, Washington C. H. and other Ohio towns.
Why do these good cooks leave Maysville to go to Cincinnati and other towns mentioned? Because they get more money for less

Because they get more money for less HARD work.

How is it that one woman can do all the cooking and home work, and even laundering, too, at these other places and yet be said to do less HARD work than she would have to do just cooking alone in Maysville?

Because cooking with Gas removes all the burden of kitchen labor, saves half the time, and leaves the cook fresh and able to do the other lighter housework, and even the laundering where Gas is used for that purpose also.

BRING IT HOME TO YOURSELF!

What would you do if you were the cook? Go away like the rest of them. It is a practical proposition. If you want to keep your cook put yourself on an equal footing with your neighbors across the river.

THE Chicago Grand Jury struck "pay dirt" when it discovered that the Honorable Corne-LIUS P. SHEA, President of the International Brotherhood of Teamsters, was sharing in the blackmail levied on business men. Within one week Shea had sent to his wife at Boston \$3,000 of this "blood money. "Concluding its report as to the Honorable Mister SHEA the Grand Jury says-

"That by this act SHEA's conservatism and thrift is shown to be exceptional, when it is known that his only source of income is derived from his office as President of the Teamsters Union, which pays him \$150 a month in a salary, and in the event of a strike \$2.50 a day for his individual expenses.

"That not alone SHEA, but HUGH MCGHEE, JAMES BARRY, EDWARD MULLEN, JOHN GALLAGHER, JEREMIAH McCarthy and Albert Young and other and lesser satellites in the labor world have lived on the fat of the land spending more money in dissipation than many an honest member of the Labor Union is able to earn for the support of his wife and family, has been established beyoud question."

THE Cincinnati Times-Star says all records for immigration promise to be broken during June, just as this year promises to see the

greatest immigration this country has ever had. More than 72,000 immigrants have landed at Ellis Island since June 1st. and the official estimate

for the entire month is 84,000, against nearly 52,000 for the same month last year. The official estimate for the fiscal year ending June | because he insisted upon the glasses being turned upside 30th is 1,062,000, the previous high mark having been 857,046, for the year ending June 30th,

1903. For the fiscal year 1904 the figures were 812,870.

It can require no more than a brief study of these statistics to reveal that the immigration problem is one of the most serious before the Nation, meaning, as it does, the absorption beyond our powers of assimilation of persons entirely unfamiliar with our system of Government. Especially is this true when it is generally admitted that, as a whole, the character of the present immigration is much inferior to that of the past. There are, actually and relatively, fewer people than heretofore from Germany, Scandinavia and the British Isles, while the hordes of Eastern and Southern Europe continue to pour in, to swell the already overcrowded foreign quarters in the great cities.

No law can be sanctioned which will keep out of this country a single good and worthy immigrant, no matter what may be his nation. ality; but this National desire should not permit the unloading upon us of the dregs of an inferior civilization. The immigrant of today is not as the immigrant of yesterday. The latter was a man to be welcomed most cordially. He and his sons have done their part in building up this Nation, many of our worthiest and greatest men are the adopted sons of the Nation. It is to be regretted that this character of immigration has in any measure ceased, especially now that we are imperiling the future with a class largely unfit, and who may become not alone a burden, but a menace.

Why Be Content With Relief From Backache When a Maysville Woman Shows You the Cure

Don't be satisfied with relief. Brief freedom from backache. Reach the root of the trouble. Cure the cause, and backache disappears for

good. It can be done. Doan's Kidney Pills make lasting cures. Experiences of Maysville people preve this. Here's one Maysville case of it.

Mrs. Lizzie Bridges, wife of Elmer Bridges,

of 206 West Third street, Maysville, Ky., says: "In March, 1900, I gave a testimonial praising and recommending Doan's Kidney Pills, and in it I told how I learned the great value of this remedy. I had been troubled with a bad back and weak kidneys from girlhood, and in my efforts to find a cure I tried every medicine I could find but without benefit until I began using Doan's Kidney Pills, procured at J. Jas. Wood & Son's Drugstore. They proved just the remedy I needed, went right to the cause of the trouble and as a result brought relief that led me to testify in their favor. I have never been without Doan's Kidney Pills in the house since. Every spring I take a box whether symptoms of kidney trouble are apparent or not, and in this way keep the kidneys in good condition and guard against attacks of my old trouble.
